### General Controls

**Clock**
- Set the clock by pushing the \( \text{SET/AMPM} \) until the time appears on the display.
- Push and hold the \( \text{SET/AMPM} \) until the clock time appears on the display for 5 seconds. The time can be edited up to 5 digits.
- The time setting can be extended by turning the \( \text{RIGHT/REV} \) or \( \text{LEFT/FWD} \) button.

**Time Zone**
- \( \text{TIME/ZONE} \) : Press to select time zone.
- \( \text{US Time Zones} \) : Press to select the time zone (CST) (refer to map on the right).
- \( \text{Canadian Time Zones} \) : Press to select the time zone (PST) (refer to maps on the right).

**WRITABLE**
- Press to select the day of the week.
- \( \text{FWD} \) : Press to select the day of the week.
- \( \text{REV} \) : Press to select the day of the week.

**Auto Brightness Control**
- \( \text{AUTO DIMMER} \) : Press to adjust brightness of the display.
- \( \text{RADIO/AUX} \) : Press to select radio or AUX input jack.
- \( \text{SLEEP} \) : Press to select sleep function, press \( \text{SLEEP} \) to adjust the duration (up to 2 hours) before the radio turns off automatically.
- \( \text{FWD} \), \( \text{REV} \), \( \text{NAP} \) : Press to select jump buttons.

**Nap Function**
- \( \text{NAP} \) : Press to select nap function, press \( \text{NAP} \) repeatedly on \( \text{FWD} \) until the nap function is activated.
- \( \text{FWD} \) : Press to select the duration (up to 30 minutes, default: 9 minutes).
- \( \text{REV} \) : Press to select the duration (up to 30 minutes, default: 9 minutes).

**Battery Back-Up Operation**
- The memory holding system can be powered with 2 "AA" batteries (included).
- Normal operation will require (2) AA batteries. The unit will not have to reset the time or the alarm.

**Tuning the Radio**
- \( \text{AM/FM} \) : Press to select AM or FM bands.
- \( \text{RADIO/AUX} \) : Press to select radio or AUX input jack.
- \( \text{SLEEP} \) : Press to select sleep function, press \( \text{SLEEP} \) to adjust sleep duration up to 2 minutes.
- \( \text{FWD} \), \( \text{REV} \), \( \text{NAP} \) : Press to select jump buttons.

**Plugging in the AC Outlet Power Supply**
- \( \text{OFF} \) : Press to turn the unit off.
